FAMILY BUSINESS DYNAMICS

An Introduction

Mr. Peter Leach (United Kingdom)

Adjunct Professor in Family Business, Imperial College London

Founder and Chairman, Peter Leach Associates Ltd.

Author "Family Enterprises, The Essentials"

One of the world's leading teachers, writers and consultants on family business, Peter Leach has worked with hundreds of business families across the world. Peter will facilitate discussions, draw conclusions and contribute his own presentations. His opening session will introduce several key concepts that will be addressed in more detail by the family speakers.

PEUGEOT – AN INDUSTRIAL FAMILY'S STORY

EARLY DAYS: 1890 PEUGEOT

FRÉDÉRIC BANZET

The Changing Relationship Between a Family and its Businesses

Mr. Frédéric Banzet (France)

Eighth Generation Peugeot Family Member; Senior Partner, Peugeot Invest and Chairman and CEO of Peugeot Invest UK Limited, Former CEO of the Citroën brand

Beginning in 1810, the Peugeot family's industrial heritage started with coffee grinders, followed by bicycles and today PSA Group is Europe's second-biggest car manufacturer with brands including Peugeot, Citroën, DS, Opel and Vauxhall.

Frédéric Banzet will discuss how the family's business focus has evolved through its holding in FFP, a long-term investment company, majority-owned by Etablissements Peugeot Frères. In 2014, the family gave up somewhat partial control of its car business, through an imposed restructuring of the capital.

Typical Group Discussion Topic – How Has Your Own Family Handled Difficult Decisions?

Participants will work in virtual groups to share experiences of difficult decisions that their own families have faced.

What went well and what could have been handled better (with the process and outcome)?

Over the last 20 years, the Peugeot family has drawn from its industrial experience to develop diversified assets. This move also helped support a successful turnaround. Frédéric will explain how their family governance has allowed different family points of view to coalesce into a common approach leading towards strategic renewal.

LIVE FAMILY CASE – LEE KUM KEE, HONG KONG

SAMMY LEE (G4)

ANDREA LEE (G5)

Family Governance, Succession and Invisible Leadership

Mr. Sammy Lee, Chairman, Chief Invisible Officer &

Chief Happiness Officer, LKK Health Products Group Limited

Ms. Andrea Lee, Head of Family Office, Lee Kum Kee Family

The Lee Kum Kee story began in 1888, when founder Lee Kum Sheung accidentally created oyster sauce when making soup. Today, Lee Kum Kee is a global brand leader in Asian sauces and health-care products.

By 2005, at the start of this case, Sammy Lee and three of his fourth-generation (G4) siblings were running substantial businesses under their father's chairmanship. They realized they needed to spend more time on strategic issues including succession planning.

We will hear from Sammy about the comprehensive systems that the family actually implemented under G4 leadership. These included creating a family council, family office and family training centre. There were many innovations such as a rotating "casting vote" in the event of a tie and that, once used, had to be passed on to another family leader.

Typical Group Discussion Topic – The Succession Challenge

At the start of the case, G5 family members were teenagers and young adults with their own aspirations and views.

What next steps in the Lee family G4 to G5 succession would you have recommended?

Bringing the case up the present day, the final session will review what actually happened during the G4 to G5 succession process. Andrea Lee (G5), who has recently taken over the role of Head of Family Office, will join her uncle Sammy Lee (G4) to discuss their gradual next-generation transition, its challenges and successes. They will also discuss some of Lee Kum Kee's powerful strategic business innovations such as the Auto-pilot Leadership Model to provide direction (but not direct command) and a Happiness Index to monitor success.

FIRST END-OF-DAY VIRTUAL RECEPTION

After the day's closing session, participants are invited to join a virtual networking reception hosted by Edmond de Rothschild

TUESDAY, 8 JUNE – FIRST DAY

Today's sessions will answer your toughest questions on family business topics including: family leadership and influence on culture, family training, next generation development and responding to acute global challenges.

**WEDNESDAY,
9 JUNE, 2021**

BUSINESS VALUES AND CULTURE

Family Influence and Leadership

Mr. Andy Rubin (United Kingdom)
Deputy Chair, Pentland Group Ltd

Founded in 1932 as a shoe business in Liverpool, the family later bought then sold Reebok, using the proceeds to help create a "family of brands". Today, Pentland is a family-owned leader in sport and fashion with brands including Speedo, Ellesse, Canterbury, and a majority share in global retailer JD Sports.

Andy Rubin, member of the third generation and Deputy Chair of the Pentland Group, will outline the company's unique culture, recognised by awards including "Best Corporate Workplace in the UK" and the "2017 IMD/FBN Global Family Business Award".

ANDY RUBIN

Typical Group Discussion Topic – Family Influence and Leadership
How do you use your family business ownership for competitive advantage?

NETWORKING AT THE FORUM COFFEE BAR

Networking with other families is the glue that holds the Forum together.

At breaks, you can meet one-on-one or "look" at different group conversations to decide which ones to join.

Or you can spend quiet time off-line, if you prefer.

“Who shall I connect with today?”

NETWORKING DURING EACH BREAK:
GROUP OR ONE-ON-ONE CONVERSATIONS

FAMILY TRAINING AND DEVELOPMENT

Developing Responsible, Self-Empowered Individuals

Dr. Basma Sulaiman Al Zamil (Saudi Arabia)
General Manager, Corporate Human Resources, Zamil Group

At Zamil, an international industrial and services group, the second generation had long-recognized the need to empower the third and fourth generations effectively.

Typical Group Discussion Topic – Next Generation Preparation and Development
How is your family preparing your next generation members for future roles (within or outside the business)?

Third generation HR leader Dr. Basma Al Zamil will outline how world-class training for Zamil family executives has been expanded into a much broader mission: to help all fourth generation family members become responsible and self-empowered individuals. She will be joined by a fourth generation Zamil family member to explain their innovative Generation-to-Generation (G2G) programme (designed for age six to young adult).

HIGH-ENERGY DISCUSSION GROUPS

Responsible Ownership; The Global Challenge

Prof. Denise Kenyon-Rouvinez (Switzerland)
Formerly Wild Group Professor of Family Business, Family Office, Governance, IMD Business School

Prof. Kenyon-Rouvinez has worked extensively with family firms around the world, including in her recent role at IMD. Author of many books, she is also a member of the World Economic Expert Network.

Denise will explain how family firms are best-positioned to respond to global challenges because families control their ownership, and hence, strategic business direction. Working in high-energy virtual groups, participants will discuss acute global challenges and how they might help address them.

The final day is devoted exclusively to peer-to-peer advice and discussion. In feedback each year, this workshop is rated as the most valuable part of the Forum.

Workshop facilitator Peter Leach is a leading advisor, teacher and writer, helping family owners around the world. His work includes creating governance structures, facilitating next generation participation and drafting family constitutions.

INVITATION: WHY YOU AND YOUR FAMILY SHOULD JOIN US

It is my great pleasure to invite you to our 20th Anniversary Family Business Forum, taking place on a sophisticated virtual conference platform. The Forum is a friendly and safe environment, exclusively for families that own large family firms and family offices.

What makes the Forum unique is its emphasis on live case discussions where you work in small groups to discuss genuine situations with other families. The networking dimension is important too, with two end-of-day virtual receptions, as well as breaks in a virtual “coffee bar” to help build new friendships and connections.

You can choose between attending two days, three days or an annual membership that, in addition to the Forum, includes year-round support and other events such as a virtual Mini-Forum in November.

I look forward to welcoming you and your family to the Forum.
